

Palm Beach Drone Partner Application Kit

As PALM BEACH DRONE “Business Partner” or “Service Partner” you will get our name, our brand and our references to help you on your way to customers!

The PALM BEACH DRONE Partner system offers new and unimagined earning opportunities. Become successful in a highly interesting market that guarantees attractive fees and will never be saturated due its complex nature. By integrating our UAV, AUV and ROV camera platforms, delivery platforms, etc. into your existing range of products or services, you can expand your value chain and increase sales.

As PALM BEACH DRONE Partner you receive our strong brand’s knowledge, intensive training and our online portal and marketing skills will give you quick, direct access to your customers!

Become a PALM BEACH DRONE partner, now! Contact us at 561-389-1490

For photographers, filmmakers, surveyors, inspectors, manufacturers as well as for entrepreneurs in the industry, the unique PALM BEACH DRONE Business & Service Partner programs offer excellent opportunities for quick, sustainable success at an affordable cost!

Make the most of our outstanding market presence and unique brand strength and start selling Custom Built Drones, our RTF Kits and Accessories in your store or sales region. You can become a Service Center or Just a Pick-up and drop off location. You can network your existing business with Drone industry professionals, and people with similar business interests.

If you sign-up as a Palm Beach Drone “Service Partner”, you will be expected to not just sell equipment, but also educate and coach customers according to (AMA) tried and tested training methods, as well as work with Palm Beach Drone to perform any on-site servicing and repair tasks that may arise. We can provide the repair staff if you have the space, or a mobile repair lab. “Business Partners” will find new and increased revenue streams that spring up from advertising on www.palmbeachdrone.com

Become a PALM BEACH DRONE Partner now!

Why should you become a “Business Partner” now?

Quite simply because we have already solved the biggest problems for you so that you can concentrate on your business; like saving lives, increasing crop yields and creating unique aerial images for your customers, just to name a few. As our partner you may choose basic flight training or ask and you will be professionally trained and equipped with everything that you need to do thermal imaging, mapping or enter into the aerial image production business. In just a few days you will be able to understand the technicalities of the aircraft(s) you purchased through our network and master flying them.

For photographers, filmmakers, surveyors, manufacturers as well as for entrepreneurs who want to advertise their services and tweak their equipment, membership in the PALM BEACH DRONE Business Dealer Network system offers excellent opportunities for quick, sustainable success at a reasonable price!

A summary of your advantages:

- Your own Page, under Palm Beach Drone, that can be customized with your location, maps, pictures, videos and pricing. Innovative service with ability to charge your clients high fees based on Visibility
- High level of sustainability due to specialization (not everyone can imitate)
- Professional business start from day one
- Complete marketing system
- Generate customer requests via website forms
- Low investment costs, short-term profitability
- Low running Portal costs, high margins
- Advice and service
- Low risk and high flexibility
- PALM BEACH DRONE Service, Upgrade & Maintenance Contracts available on equipment!

What do you need to provide?

- Enthusiasm for innovative technologies
- Sincerity, negotiating skills and organizational talent
- Investment in your desired Drone(s), Radio and equipment for Demo and training purposes to your clients
- One-time entry fee of \$1,200 for Portal Creation, coaching and starter pack
- Monthly \$42 for Web Portal fee and promotional materials
- Commission charge: none!

As a PALM BEACH DRONE Partner you will take advantage of our name, our brand, our references, and our support to help you build a successful business in the exciting world of flying robots!

The PALM BEACH DRONE Partner program offers new and yet unimaginable opportunities. Now is the time to start your new venture as the market is just about to burst and before others have established themselves! Take advantage of the early stages of an upcoming industry that is forecast to provide economic opportunities not seen since the beginning of the Internet age. The possibilities are endless in applications such as photography, film, precision agriculture, viticulture, geo surveys & mapping, 3D modeling, industrial inspections (building heat loss, roof damages, power plants, bridges, solar hot spots, environmental assessments, ...), mining, security, search & rescue, emergency response, transportation & logistics, to name just a few. Pick your niche now and start having fun making money! Establish yourself before the barrier to entry becomes too high.

Palm Beach Drone Partner Application Kit

Why should you become a Service Partner now?

Quite simply because we have already have solved the biggest challenges so that you can concentrate on your business. As our Partner you are part of a professional network that covers a variety of applications and industries that all benefit from each other. We help you get started with copter and equipment selection, initial flight training, advise you on market opportunities, and get you started on specific application(s) of your choice, interest, and expertise. Further, you get to use our name, brand, references, marketing materials, and website as representation to your clients. We also include you as our Partner on our website with your very own professional mini site and – best of all – leads go directly to you. Of course, we continually promote the services of our partners and our brand through multiple channels for everyone’s benefit. All this gives you a professional market entry from day one. If required we can supply you with a marketing starter pack and professional flyers so that you don’t have to invest any additional time or money and can instead start winning and processing orders straight away.

A summary of your benefits:

- Innovative services with potentially high and growing income.
- Sustainable business opportunities due to specialization, support, and ever-increasing barriers to entry.
- Professional business representation from day one.
- Complete marketing system and representation.
- Direct customer leads via website.
- Low investment costs, short-term profitability.
- Low running license costs, potentially high margins.
- Low risk and high flexibility.

What do you need to provide?

- Enthusiasm for innovative technologies and new business opportunities.
- Sincerity, customer relations & business development skills, focus, and organizational talent.
- Investment in a PALM BEACH DRONE UAV of your choice to execute your business plan (to be purchased separately).
- One-time entry fee of \$1,200 to cover Business or Service Partner program membership, branded web page, and starter pack consisting of consultation, web & program setup, and optional marketing materials (at cost).
- Monthly license fee of \$42 to cover partner advertising and promotional materials.
- Revenue split: none – you get to keep it all!

Order by February 15, 2015 and we’ll even throw in \$1,000 worth of display advertising on our site (Must be used during 2015 calendar year, some restrictions may apply.)
